

Tall Table Assembly Instructions

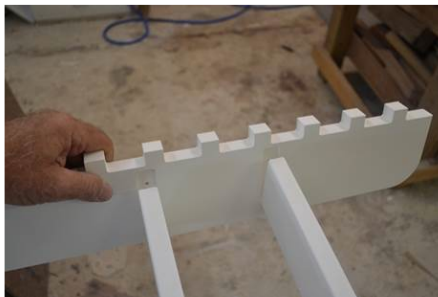

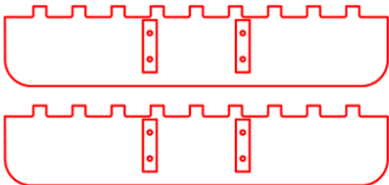

Step #1: Connect all four legs together by inserting each leg into the next - forming a square at the top. Fasten legs together using the provided stainless steel screws into pre-drilled holes.

Step #2: Using provided Stainless Steel nuts and bolts, attach the two horizontal table top support bars.

Step #3: Attach Table Top horizontal support bars and fasten with provided Stainless Steel screws in pre-drilled holes.

Step #4: Insert Dog Bones into slots - be certain to put the wider end pieces into the outside end slots. Attach using the provided Stainless Steel fasteners in the pre-drilled holes.
